Consulting Services

Delivering fast, efficient, successful migrations

Transvault offers a range of on-demand professional services designed to help you deliver cost-effective, timely and successful migrations.

Competitively priced and charged at an hourly rate, a range of scenarios are supported, including:

- Migration design, server configuration and piloting
- Technical advice about source and target data connections
- Achieve optimal Microsoft 365 configuration and security
- Architecture expertise for Enterprise Vault migrations

- Technical training and support.

A service delivery description is provided to ensure an agreed outcome.

Why Transvault Consultants are the best choice?

- Extensive expertise with a proven track-record in complex and large migrations
- Our partners tell us it's our people that make the real difference!
- 100% focused on the best outcome
- Enterprise Vault certified

"Joseph is just what you want a consultant to be, he gives good suggestions, he's really honest and upfront, and very knowledgeable."

Greg Hickey
Senior Account Executive at Daymark Solutions Inc
